

HIGH SCHOOL PLAYER LEADERBOARDS

Mile High Hoops and VarVee have teamed up to bring you the High School Player Leaderboards. Working together, we are able to recognize the top talent that the state has to offer and celebrate their accomplishments. Our sincere hope is that the leaderboards will be a vehicle to help acknowledge the tireless work that both the coaches and athletes put into becoming the best that they can. In addition, we also hope that this tool will help educate fans across the state and provide them with a resource to keep current with the vast Colorado high school basketball landscape. It is hard work keeping track of all of the games that are played in a season and we want to thank you for all of your help. We look forward to an exciting conclusion to the season!

Launched in November of 2009 and based in Denver, Mile High Hoops was created with the goal of improving the culture that surrounds the game across Colorado. By providing some of the most professional and comprehensive news coverage in the state, we truly are the home for basketball in Colorado. We understand the hard work that it takes to become a champion both on and off the court, and we want to recognize and celebrate that dedication. Covering your favorite teams from the local gym all the way to Pepsi Center, we are there every step of the way to help educate, entertain and expand the Colorado basketball community.

VarVee, Inc., headquartered in Denver, Colorado, was founded in 2008 to celebrate high school sports by solving the coaches' challenge of collecting and reporting high school game time statistics and solving local media's related challenges. The company beta tested software across multiple sports and officially launched in March 2009. Working with these coaches as well as State associations, VarVee organized the large amount of scoring and statistical data created every season by high school sports teams in Colorado, and has now expanded to serve coaches, media and athletes across the country.
